

Futuristic Interactive Displays by EyeClick™

EyeClick is a world leader in interactive media display solutions used for a myriad of applications including retail spaces, at exhibitions and corporate events, in children's playgrounds and museums. Leading brands and organizations across the globe have chosen EyeClick to transform their floors, walls, and window areas into stunning interactive displays.

EyeClick's Interactive Displays

- **EyeStep™** – An Interactive Floor Display
Stop people in their tracks as the floor they walk on reacts with engaging video and animation.
- **EyeTouch™** – An Interactive Window Display
Ideal for shop windows, these futuristic displays provide fast ROI and increase sales, allowing prospects to interact with enticing product information.
- **EyeWall™** – An Interactive Wall Display
Perfect for extra-large display areas, people are amazed with the interactive video projections reacting to their passing by.

There are endless uses for EyeClick's interactive displays...

In Retail Spaces

Magically transform any shop window into a crowd-stopping interactive display.

"There was a 50%+ increase in sales"

- Fast ROI and increased sales
Bring more customers into your stores and increase sales
- Accelerate shoppers' buying decisions
- Make your retail space stand out
- Detects and reacts to passersby before they touch the window
- Create a 24/7 interactive shop window
- Use as a unique information kiosk inside the shop
- Flexible installation
- Easily adapt your existing creative content (Adobe Flash®, Director®, or HTML)

At Trade Shows, Exhibitions, and Special Events

Bring more people into your booth and keep them in there for longer with futuristic interactive displays.

"The audience was interested, participative and captivated by the interactive screen"

- Stand out with an unforgettable interactive experience
- Increase your brand equity and awareness
- Detects and reacts to visitors as they walk by
- Flexible installation
- Easily adapt your existing creative content

In Children's Museums and Playgrounds

Children will want to come back again and again to learn and play with EyeClick's interactive displays.

"People really like it - we see them dancing, running, stomping and even rolling around on the floor."

- Increase sales: bring more children to your venue
- Strong educational value, makes learning fun
- Makes physical fitness fun
- Perfectly safe
- Single- or multi-player
- Update content and new games as often as you like
- Tamper-proof
- Flexible installation
